1. First priority should be to get the lake itself in shape. I know grass carp are in now to help on moss, but hasn't done any good yet. We would prefer a narrow paved walking path over any picnic shelters or a decent place to park. To date, I have never seen anyone picnic at the lake.	Mon, Sep 13, 2010 1:52 PM	Find...
2. I think it should all depends on getting rid of the algae. People won't use the shelter is the lake isn't clear. Thanks	Mon, Sep 13, 2010 12:42 PM	Find...
3. Maybe should have some trees. Have you seen the tree sale Sept. 25th? 169 & north of Spring Hill on west side of hwy. Big trees for cost of digging.	Mon, Sep 13, 2010 4:41 AM	Find...
4. I feel that before we start making the lake area like a Johnson County park, we need to concentrate on making sure the lake is usable (finding solution to moss problem). We should also consider if annual dues are going to be increased as a result of investing money in park amenities. The money should go back into general funds to prevent annual due increases before being used.	Fri, Sep 10, 2010 12:23 PM	Find...
5. Horseshoe pit or volleyball area and a couple of bench seats	Thu, Sep 9, 2010 6:39 PM	Find...
6. Walking trail around the lake	Thu, Sep 9, 2010 4:30 PM	Find...
7. restrooms?	Thu, Sep 9, 2010 12:47 PM	Find...
8. An aerator or some method of clearing up the water also some gravel on the road going in . The ruts are too much for a car. Mike Owens	Mon, Sep 6, 2010 7:50 PM	Find...
9. I would like to see us have some way of limiting cars/trucks from driving on the dam or around the the lake. There have been quite a few cars that are obviously not residents (MO tags) driving in, leaving trash, and driving across the culvert obviously subjecting it to damage risk.	Mon, Sep 6, 2010 6:36 PM	Find...
10. The only other thing that I can think of, is cleaning out the lake it self. The moss and the weeds have taken over. It is not enjoyable taking the kids fishing and all they reel in is weeds.	Mon, Sep 6, 2010 7:27 AM	Find...
